Shell (Sh)

Dark Grey (DG)

Graphite (Gr)

PROFILED – A STONE-LIKE APPEARANCE WITH ADDED MICA CRYSTALS FOR EYE-CATCHING APPEAL

Beige (Bg)

Silver Grey (SG)

Dark Grey (DG)

Graphite (Gr)

MODE PORCELAIN PAVING REALLY DOES OFFER A STATE-OF-THE-ART, CUTTING-EDGE DESIGN CHOICE FOR THOSE LOOKING FOR THE ULTIMATE CONTEMPORARY OUTDOOR SPACE.

Don't be deceived by the word porcelain. Fired at up to 1400°C, these pavers boast an incredible inherent strength and exceptional durability. This, combined with the fine textured and anti-slip finish, makes Mode paving a viable, premium alternative to both concrete and natural stone.

What's more, Mode exhibits all the characteristics you'd expect from the highest quality porcelain paving. For instance, it has a superb consistency of colour and finish, as well as being impervious to staining and unaffected by weather conditions and colour-fading. So, not only is Mode virtually maintenance free, it will retain its stunning good looks throughout the years to come, looking as fabulous as the first day it was installed.

	Nominal size (mm)	Colours	Units/pack	Pack weight (t)	m ² /pack	Units/m ²
